1(773)849-2199

OBJECTIVE:
As a college Senior approaching graduation, I am looking to further my development skills in professional work settings with the intention of becoming a senior developer.

EDUCATION:
University of Wisconsin-Milwaukee, Milwaukee, WI
Major: Computer Science, Minor: Economics
Anticipated: May 2023   GPA: 3.7

COMPUTER AND DEVELOPMENT SKILLS:
Proficiency with .Net, React, and SQL, as well as experience in Java, C, Python, HTML, CSS, Django, and Haskell. Familiarity in developing RESTful APIs and interactive frontends.

PROJECTS:
- Participated in multiple hackathons creating an application to house testing documents, a donation portal, and a gamification of the time keeping system at my internship.
- Created a movie review hub using multiple data sources to calculate a single weighted score.
- Worked on a Teacher's Assistant scheduling tool web application.

WORK EXPERIENCE:
Quad Graphics, Sussex, Wisconsin
Software Development Intern, June 2022 to Present
- Work with the HR and Labor Management team to update and maintain systems such as Payroll, Time Off Request, Uniform Store, among other miscellaneous applications.
- Backends are primarily .Net with various frontend technologies such as React and jQuery.

Menards, West Milwaukee, Wisconsin
Receiving Coordinator, May 2020 to May 2022
- Train new receiving employees on day to day operations.
- Unload trucks and coordinate with departments to disperse incoming product throughout the store.

HONORS AND ACTIVITES:
- Dean's List
- Engineering and Applied Science Excellence Scholarship
- UWM Climbing Club Member
